

Research Colloquium – 2024

Faculty of Technology, Wayamba University of Sri Lanka

The Inaugural Research Colloquium - 24th April 2024

Presenter	Topic
Mr. W.D.M. Sampath	Synthesis of Graphite Derivatives and the Effect of Their Loading on Properties of Natural Rubber Composites.
Ms. Piyumi Rajapaksha	Metagenomic Analysis of Bacterial Diversity and Molecular Detection of Quarantine Pathogens in Imported Seed Potatoes to Sri Lanka

2nd Research Colloquium – 23rd August 2024

Presenter	Topic
Dr. Roshan Thotagamuge	Online Presence and Important Research Profiles
Dr. Manjula Wickramasinge	Research & Innovation and Our University IP Policy
Dr. Upanith Liyanaarachchi	Administrative and Procurement Procedures at WUSL for Research Instruments and Materials

3rd Research Colloquium – 23rd December 2024

Presenter	Topic
Dr. Murthi S. Kandanapitiya	Trend finding Material and Nano science Solutions for existing problems
Mr. Priyashantha Tennakoon	Multi-User Connectivity: Advanced User Grouping in RF/VLC Systems with SLIPT for Cooperative NOMA Networks.
Mr. Roshan Thilakarathne	User evaluation of Cylindrical Electrostatic Clutch based haptic force feedback glove in Teleoperation System.
